6.4. After the Client has deposited cash to his/ her Paysera Account, s/he may manage the money immediately after Paysera receives it.

7. Moment of reception of a Payment Order, Requirements Applied to the Payment Order and Refusal to Execute the Payment Order

7.1. Provided the Client is the Payer, the Payment order is considered received by Paysera (calculation of the time period of execution of such Payment Order starts) on the day of its reception, or, if the moment of reception of the Payment order is not a business day of Paysera, the Payment order is considered received on the nearest business day of Paysera.

7.2. The Payment order that was received by Paysera on a business day of Paysera, but not on business hours set by Paysera, is considered received on the nearest business day of Paysera.

7.3. Payment orders inside the Paysera System are executed immediately (up to a few minutes, unless the Payment operation is suspended due to cases set forth by legal acts and the present Agreement), regardless of business hours of Paysera.

7.4. Paysera has the right to record and store any Payment orders submitted by any of the means agreed on with Paysera, and to record and store information about all Payment transactions performed by the Client or according to Payment orders of the Client. Records mentioned in the present clause may be submitted by Paysera to the Client and (or) third persons, who have the right to receive such data under the basis set forth in the legislation, as evidence confirming the submission of Payment orders and (or) executed Payment transactions.

7.5. Payment orders submitted by the Client shall comply with requirements for submission of such Payment order and (or) content of the Payment order set by the legal acts or by Paysera. Payment orders submitted by the Client shall be formulated clearly, unambiguously, shall be executable and contain clearly stated will of the Client. Paysera does not undertake responsibility for errors, discrepancies, repetitions and (or) contradictions in Payment orders submitted by the Client, including but not limited to, correctness of requisites of the Payment order submitted by the Client. If the Payment order submitted by the Client does not contain enough data or contains deficiencies, Paysera, regardless of the nature of deficiencies in the Payment order, can refuse to execute such Payment order, or execute it in accordance with data given in the Payment order.

7.6. Paysera has the right to refuse to execute a Payment order in case of a reasonable doubt that the Payment order has been submitted by the Client or an authorized representative of the Client, Payment order or the submitted documents are legitimate. In such cases, Paysera has the right to demand from the Client to additionally confirm the submitted Payment order and (or) submit documents confirming the rights of persons to manage the funds held on the Account or other documents indicated by Paysera in a way acceptable to Paysera at expense of the Client. In cases mentioned in this clause Paysera acts with the aim to protect legal interests of the Client, Paysera and (or) other persons, thus, Paysera does not undertake the responsibility for losses which may arise due to refusal to execute the submitted Payment order.

7.7. The Client shall ensure a sufficient amount of money in a relevant currency on his/her Account to execute the Payment order.

7.8. Before executing the Payment order submitted by the Client, Paysera has the right to demand from the Client documents which prove the legal source of money related to the Payment order. In case the Client does not submit such documents, Paysera has the right to refuse to execute the Payment order of the Client.

7.9. Paysera has the right to involve third parties to partially or fully execute the Payment Order of the Client, if the Client's interests and (or) the essence of the Payment Order require so. In the event that the essence of the Payment Order of the Client requires sending and executing the Payment further by another financial institution, but this institution suspends the Payment Order, Paysera is not responsible for such actions of the financial institution, but makes attempts to find out the reasons for the suspension of the Payment Order. Paysera has the right to suspend and (or) terminate the execution of the Payment Order of the Client, if required by law or in case it is necessary for other reasons beyond control of Paysera.

7.10. In case Paysera has refused to execute the Payment order submitted by the Client, Paysera shall immediately inform the Client thereon or create necessary conditions for the Client to get acquainted with such notification, except when such notification is technically impossible or forbidden by legal acts.

7.11. Paysera shall not accept and execute Payment orders of the Client to perform operations on the Account of the Client if funds on the Account are arrested, the right of the Client to manage the funds is otherwise legally limited, or in case operations are suspended by applicable legal acts.

7.12. If money transferred by the Payment order is returned due to reasons beyond the control of Paysera (inaccurate data of the Payment order, the account of the Recipient is closed, etc.), the returned amount is credited to the Account of the Client. Fees paid by the Payer for the Payment order execution are not returned, and other fees related to the returning of money and applied to Paysera can be deducted from the Account of the Client.

7.13. Payment transfers initiated by Paysera may be standard and urgent. The manner of the Payment transfer is selected by the Client. If the Client does not select the Payment transfer manner, it is considered that the Client has initiated a standard Payment transfer.

8. Providing and Cancellation of the Consent, Cancellation of the Payment Order

8.1. The payment transaction is considered authorized only if the Payer provides a Consent. The Consent for Payment given to Paysera intermediary is considered to be given to Paysera. The Client (Payer) may provide consent in the manner determined by Paysera or agreed upon with the Client. The consent submitted in writing must be signed by the Client or his legal representative. The consent may also be confirmed by electronic signature, password, codes and (or) other identity verification means. The consent to execute a payment transaction or several payment transactions can be also granted through the Recipient or the payment initiation service provider. In all cases stipulated in this clause, the Consent shall be deemed duly approved by the Client (Payer), having the same legal validity as the paper document (the Consent) signed by the Client (his representative), is permissible as a mean of proof in resolving disputes between Paysera and the Client in courts and other institutions. The Client shall not be entitled to contest the Payment transaction executed by Paysera if the Payment Order has been approved by the Consent provided in the manner set out in this clause.

8.2. The Consent of the Client (Payer) is submitted prior to execution of the Payment operation. Under an agreement between the Client (Payer) and Paysera the Payment operation may be authorized, i.e. such Consent of the Client may be given after execution of the Payment operation.

8.3. The Client agrees that, in executing Payment Orders, Paysera will transmit information specified in the Payment order (including Personal Data of the Client), to persons directly related to execution of the Payment transaction, such as international payment card organizations, companies processing information about payments by payment cards, the provider of payment services of the Recipient, the operator of the payment system for execution of the Payment transaction, agents of the provider of payment services, the payment initiation service provider of the Recipient and the Recipient.

8.4.3. the Payment orders stipulated in clause 5.25.4 of the Agreement may be canceled until the end of a business day of Paysera, one day before the agreed day;

8.4.4. upon expiry of the terms stipulated in clauses 8.4.1 to 8.4.3 of the Agreement, a Payment Order may be canceled only in case the Client (Payer) and Paysera agree on this. In the cases stipulated in clause 8.4.2 of the Agreement, the Consent of the Recipient is also necessary.

8.4.5. when a Payment transaction is initiated by the Recipient or through the Recipient by performing the Payment transaction using a payment card, and when the exact amount of the transaction is unknown at the time when the Payer gives his / her Consent to execute the Payment transaction, Paysera may reserve the funds in the Payer's Account only provided the Payer gives his / her consent to reserve a specific amount. Upon receipt of information on the exact amount of the Payment transaction, Paysera shall immediately and not later than immediately upon receipt of the payment order remove the reservation from the Payer's Account.

8.5. Paysera shall credit funds to an Account and debit funds from an Account according to the Unique identifier, provided in the Payment order — Paysera account number or IBAN Account number. Paysera has the right, but not an obligation, to check whether the Unique identifier given in the Payment order received by Paysera corresponds to the name and surname (name of the legal entity) of the Account owner. In case the mentioned Unique identifier is given to Paysera to debit money from or credit money to the Account, the Payment order is deemed executed appropriately if it has been executed by the indicated Unique identifier. If Paysera verifies the Payment order and establishes an obvious discrepancy between the Unique identifier provided to Paysera and the name and surname (name of the legal entity) of the Account owner, Paysera has the right to refuse to execute such Payment transaction.

8.6. Provided Paysera receives a Payment order to transfer money to the payment account of another provider of Payment services, such Payment transaction is performed by Paysera according to the Unique identifier provided in the received Payment order – the account number of the Recipient in IBAN format, except when the provider of Payment services does not use the IBAN account format. Paysera does not hold the responsibility if the Unique identifier is not provided in the Payment order or it is incorrect, and (or) the provider of payment services of the Recipient has set a different Unique identifier for appropriate execution of such Payment transaction (crediting funds to the payment account of the Recipient).

8.7. If necessary and (or) required by institutions of another states, Paysera has the right to receive an additional information (e.g. name and surname or name of the legal entity of the Recipient, a payment code) required for the appropriate execution of the Payment order.
